

### SURVEYOR CERTIFICATE

I do hereby certify that the survey shown hereon was performed under my direction, by the method of random traverse. The unadjusted mathematical error of closure ratio of the random traverse was 1:52,517 and that the bearings and distances shown hereon have been adjusted for closure. The survey as shown hereon is a class A survey. The bearings shown hereon are based on magnetic north taken in the field along a random traverse line.
